Dear Mr Donegan:

The enclosed report, "A Human Rights Assessment of Forest Capital Partners' Proposed Aerial Spray Adjacent to Waldport, Oregon," was commissioned by Community Rejecting Aerial Spraying of Herbicides and prepared by Environment and Human Rights Advisory for Forest Capital Partners.

The Report provides Forest Capital Partners and CRASH a list of human rights norms of concern associated with the proposed aerial pesticide application near Waldport, finds some potential liabilities and describes pathways FCP could take to mitigate those liabilities.

Information in this report may assist Forest Capital Partners in its efforts to reduce the risk of abridging human rights norms.
